ACT range 4.5-9 metres

Fixed and tilt-down camera towers

Altron camera towers are a cost effective range of modular lattice towers giving good rigidity, suitable for industrial application, they are available as a fixed or two types of tilt-down tower.

Standard equipment

Camera mounting bobbin, anchor bolts and templates where applicable.

Features

- Towers are modular for ease of transport and installation
- Tilt down option for easy access and servicing of camera equipment at ground level by one man
- All tilt down towers easily installed by hand – ideal for inaccessible locations
- Durable and low-maintenance – all materials and components are non corrosive
- Stable mounting for dome or pan and tilt CCTV cameras
- Full range of ALTRON accessories for a complete and professional installation
- Towers can be manufactured to exact height requirements
- Demountable winches for secure installation and reduced cost on multiple installation

Design & Manufacturing Standards

- Manufactured from high tensile steel to BS 4360 43C/50C/43A, EN 10219, S275J2H, S355J2H
- Hot dip galvanised to BS 729 (1971), ISO 1461 (1999) after fabrication
- Poles painted in BS and RAL colours to BS 4800
- Design wind loadings based on CP3 Chapter V Pt 2 (1972) & BS 8100 (1986)
- Welding procedures conform to BS 5135

Accessories & Options

- All dome, fixed and pan/tilt camera mounting bracketry
- Knuckle for single fixed camera PTS1
- Twin mount with knuckles TB2 - 600f
- Twin mount for PTZ TB2 - 1000
- Anti climb guards
- Telemetry RX brackets
- Bracketry for mounting PIR's
- Cages for tower top
- Clamp on camera bracketry

Special requirements and technical support

If you have a specific requirement or application, we will be pleased to assist in drawing up specifications as well as offering experienced technical support and advice on suitability.
