

## MV Series Monochrome CCTV Monitors With Audio

- Plastic case on MV-9PL
- Robust metal case on all other monitors
- High performance with high resolution up to 1000 TVL
- Universal power supply 100-240vAC
- High quality built-in audio on most units

Aritech offers high resolution options up to 1000 TVL (centre).

Most of Aritech monochrome monitors have audio as standard. The audio reproduction is crisp and clear.

The only exception is the MV-9PL which does not have audio capability

Front panel controls include : Power on/off, brightness, contrast and volume

*The Aritech range of **MV-Series** monochrome monitors are ideally suited to a wide range of applications, including most retail, industrial and commercial systems.*
