ALARM INPUT UNIT

PY-AI...

PY-AIW-L RS485, Low speed, boxed
PY-AIB-L RS485, Low speed, PCB
PY-AIW-2-H RS485, High speed, boxed

PY-AIB-2-H RS485, High speed, PCB
PY-AIW-H FTT10, High speed, boxed
PY-AIB-H FTT10, High speed, PCB

FEATURES

- 8 Alarm inputs
- Network location independent
- Normally open or normally closed contacts that are software configurable
- Advanced alarm handling facilities

Specifications

Input	8 Programmable N/O, N/C or changeover
Network plug-in cards	PY-COM, PY-FTT
Features	Installation using the Pyramid installation tool Built-in or external anti-tamper switch
Dimensions	PCB version 110 x 65 x 20mm Weather proof box version 280 x 280 x 130mm
Power supply	12V DC $\pm 10\%$, 1A class 2
Power consumption	2.4W nominal
Weight	4.5kg
Connections	Removable screw-terminal blocks
