

BC8002 EFO EFFIO-E High Resolution Bullet Camera

Effio-"Enhanced Features and Fine Image Processor"

"Effio" is the latest Sony signal processor which realizes high resolution, high S/N ratio and high color reproduction for security cameras. In the field of the security cameras, the visibility and higher pixel counts are the most demanded elements. Born out of the market needs the Sony "Effio" was created as the highest level of the technology for CCD Cameras. With the combination of signal processing technology the "Effio" system is matched with all new CCD sensors to give achieve these results.

Image Sensor	1/3" Sony 760H Super HAD CCD II
Effective Pixels	811Hx508V
Resolution	610 TVL
Mini Illumination	Color: 0.1Lux, B/W: 0.01 Lux Sense-Up: 0.001 Lux
S/N Ratio	> 52dB (AGC OFF)
Gamma Correction	0.45
Synchronizing System	Internal/Line Lock
Electronic Shutter	AES: 1/60-100,000 Sec
White Balance	ATW/OUTDOOR/INDOOR/AWB/AWC
DNR	2D, 3D
Face Dection	4 Face Dection
Motion/Masking	On/Off, 4/4
E-Zoom	1x~256x
Sense Up	Auto (x2~x512)/OFF
Power	12VDC/24VAC; 3.0 W
Dimension	2.44"x2.2"x4.72"

Features:

- 1/3" Sony 760H Double Speed (Double-Density) CCD
- New Sony Effio-e DSP
- 0.001 lux @ F1.0 Sense-Up
- 256xWDR (53db), E-Zoom (1-256x)
- 2D/3D Noise Reduction, 512x Sense Up
- Built-in Face Dection/Privacy Masking
- RS485 Built-in for easy configuration
