

BE-IR60/45

High Power LED Infrared Illuminator

Turn your ordinary CCTV camera into a high powered night vision camera with the BE-IR60/45. With the 198 IR LEDs, the BE-IR60/45 will illuminate a distance of up to 400ft (125 m) in front of your camera in the dark. An IR illuminator is a great idea for any camera that needs to see in the dark but where the installation of traditional lighting fixtures is not an option. This could be because of cost reasons, so as to keep the camera covert, or so as not to disturb the neighbors.

Features:

- Weather Resistance
- 198 pcs infrared LED
- IR range up to 450 feet
- 12VDC
- Ideal to transform any camera to night vision

Specification:
