

BQT EIP120 IP Box Camera

The EIP120 series of BQT IP Cameras is a new high quality series of D1, 25fps, MPEG4 cameras for usage in a wide range of IP applications. BQT offers you 3 different models, a Colour version with and without PoE (Power over Ethernet) and a Day/Night version with PoE. The EIP120 series delivers smooth analog- video like transmission over LAN or WAN. The cameras have a built-in web server to enable authorized users to do live-viewing and adjust the camera setting via remote web browsers. The EIP120 cameras can be used with standard lenses with either manual, video or DC iris. The cameras also have DIP-switch controlled functions including backlight compensation, auto white balance, auto gain control and flickerless for different application conditions. Main Features:

- 1/3" SONY Super HAD / Exview HAD with 470K/410K pixels
- Backlight Compensation, Auto Iris Control, Auto White Balance supported
- MPEG-4 ASP compliant compression
- CIF up to Full D1 resolution at 25 FPS
- Dual MPEG-4 video stream output via LAN & WAN (PPPoE supported) ports concurrently
- Live video viewing from BQT EasyView ip client
- Power Over Ethernet (IEEE 802.3af) supported on 2 models
