Corner Kit	Atom stainless steel corner mount kit (Model Code: CMK)					

Ideal for: Public Transport, Banks, Shops, Lifts, Airports, Nightclubs, Post offices, Prisons Boats, Ships, Ferries, the applications are endless.

High quality engineering the Atom is a mini flush mount armoured dome machined from a solid block of high grade aluminium. Fitted with toughened smoke polycarbonate, which has been impact tested to 20 Joules. It can withstand a 12 pound sledgehammer and tested to withstand the weight from a 2.5 ton fork lift Truck .

Design CSP mini dome range has been designed to be extremely robust due to the sheer size. The more compact the housing the stronger it will be. This range is ideal for any harsh environment.

Atom is available in a choice of materials: From standard aluminium with a polished finish, to high chrome plate finish and high marine grade stainless steel is also available to order.

Stylish mini flush mount dome, which can also be fitted to a corner with the addition of the stainless steel corner mount kit. Ideal for lifts, and endless other applications

Cameras are fitted in a unique manual pan and tilt cradle. Only high quality CCD cameras are fitted to the range.

Easy to install all cameras come complete with 1.8 metres BNC power cable, Stainless steel tamper-proof screws and Hex key as standard

Stainless steel corner mount kit
