

Special Cameras

EDP-No.: 91848

VSC-1001P

- 1/4" CCD Colour Network Camera
- Resolution of 450 TV Lines
- Digital Picture Recording and Playback
- PC Compatible Memory Card Format
- Storage Capacity of 1,650 Pictures on a 32 MB Card
- JPEG Compression
- Activity Detection
- Alarm Input / Output
- Built-in Microphone
- Programmable Functions and Parameters
- Remote Controlable via Coaxial Cable
- Universal Camera Mount for Easy Installation

Specifications:

System	CCIR/PAL
Imager	1/4" Interline transfer CCD
Sensitivity	2.3 Lux at F2.0
Resolution	470 TV lines max. (Fine: 720x560, Normal: 360x280 H/V pixels)
Signal-to-noise ratio	48 dB (AGC OFF)
Automatic gain control (AGC)	Included
Synchronization	Internally
Video outputs	1x 1 Vp-p, CCVS, 75 ohms, BNC
Transmission distance	150 m max. (RG59U)
Audio input	Built-in microphone (audio is not recorded)
Audio output	600 ohms
Integrated lens	F2.0-2.8/4-8 mm
Iris control	Auto iris
Minimum object distance (M.O.D.)	50 cm
Digital recording media	Smart media card drive 32/64 MByte max. (PC compatible)
Compression Standard	JPEG
Record Speed	2 pict./sec. max. 1 pict. every 5 sec. min.

VSC-1001P

Pre-alarm recording	1, 2, 4, 6, 10 pict. per event/10 sec. max.)
Post-alarm recording	1, 2, 4, 6, 10, 20 pict. per event/20 sec. max.)
Recording start	By internal motion detection or external alarm trigger
Record capacity	1,650 pict. (137 min.) on 32 MByte card
Activity detection	Integrated motion detector (2 windows)
Alarm input	1 (5 to 30 VDC), 250 ms min. pulse
Alarm output	1 (NO/NC contact), 1 A at 12 VDC or 24 VAC
Remote controller	Wired remote control unit supplied (2 m coaxial cable length max.)
Supply voltage	12 VDC
Power consumption	4.5 Watts max.
Camera mount	Integrated wall and ceiling mount bracket
Housing	Plastic
Colour	Light grey
Temperature range	-10° to +50°C
Dimensions (HxWxD)	112x90x249 mm
Weight	960 g
Parts supplied	32 MB smart media card, Wired remote controller
