

C-MR250CDRW

Monitor with Built-in 4 channel media DVR and CDRW backup

The C-MR250CDRW is designed specifically for shop, office, or home applications. It combines a high contrast 8" LCD display with a real-time four channel recorder and media player in one compact unit.

Up to four cameras can be connected simultaneously for continuous recording on the C-MR's built-in 250Gb hard disk drive. Images can be viewed on the built-in display or output onto an external device. Recorded images may be transferred to CDRW for evidential purposes.

An Ethernet port allows the C-MR250 to be connected to a network to view or backup recorded images remotely.

The DVR can record 100 pps using high quality MJPEG compression and has an easy-to-use OSD, which can be driven by an external PS2 mouse (included).

The CDRW also has a built in media player which can play back photo's, movies and music for product advertisement or store promotion conveniently stored on either SD or Compact Flash memory cards.

Key Features

- **8" high contract LCD display**
- **Four Channel integrated DVR**
- **Picture in Picture/multi-language OSD**
- **Video backup to CDRW/Network**
- **SD or Compact Flash card media player**
- **250Gb Hard disk**
- **Remote playback over network**
- **Alarm input/output**
- **Mouse and IR remote included**
