

Business Storage

WINDOWS SERVER 4-BAY NAS
Data Sheet

Centralise your storage to allow all the computers in your business to access, collaborate and share files.

The Seagate® Business Storage Windows® Server 4-bay NAS is a complete network storage solution designed for branch offices with up to 50 employees. Offering native support for Active Directory for ease of installation and scalability, the Windows Server 4-bay NAS is perfect for growing businesses utilising Windows IT infrastructure.

Featuring Windows Storage Server 2012 Workgroup Edition, the Windows Server 4-bay NAS makes a great solution for businesses that need to retain centralised management and integration with other Windows Servers on the network. Windows Storage Server 2012 also includes Storage Spaces™, which manages the four drives in the server to deliver the optimal blend of capacity, performance and redundancy. In addition, Storage Spaces drive-pooling technology makes it easy to add drives to the system, upgrade to larger drives in the future or utilise thin provisioning for specific storage applications.

With Bitlocker® encryption, an administrator has the option to secure the contents of every drive in the system, including external drives. For an added level of protection, the Windows Server 4-bay NAS is designed with a USB slot that can hold a portable drive, and when combined with built-in Windows Server Backup software, it makes a great solution for offsite backup. Also, external drives can be connected to one of the two USB 3.0 ports in order to add capacity to the main storage pool or to be used as a backup destination.

Powered by a 2.13GHz dual-core Intel Atom™ processor coupled with 4GB of RAM and support for SMB 3.0, the Windows Server 4-bay NAS delivers impressive file transfer performance of up to 200MB/s. Plus, built-in support for iSCSI enables maximum performance and compatibility for virtualised environments.

WINDOWS SERVER 4-BAY NAS

Specifications				
Retail Packaging	Product Dimensions	Box Dimensions	Master Carton Dimensions	Pallet Dimensions
Length (in/mm)	9.921/252	15.197/386	19.016/483	47.953/1,218
Width (in/mm)	6.299/160	9.409/239	15.197/386	39.606/1,006
Depth (in/mm)	7.874/200	9.488/241	9.606/244	42.362/1,076
Weight (lb/kg)	16.412/7.46	18.612/8.46	39.558/17.981	952.38/432.9
